

SAN FRANCISCO
STATE UNIVERSITY

Research & Services → Bilingual Stroke Survivors

- We are looking at how people with aphasia learn words and improve the ability to speak!

Have you suffered a stroke?

- We are currently recruiting monolingual and bi- or multilingual adults with aphasia

You may be eligible to participate!

- You will receive a free speech and language evaluation.
- You will receive 10 weeks of free language therapy.
- You can come to SFSU or we can meet you at a location that is convenient for you.

We look forward to hearing from you!
